The differences between the standard tour and the economy tour above are the accommodations.

- The Standard Private Tour (your accommodation in Bromo and Ijen are hotels)
- The Economy Private Tour (Your accommodation is a homestay.) But don't worry about it; even though those are homestays, we will book the best one for you (private rooms and private bathrooms; it is like a hotel).
- The accommodation in Tampak Sewu Waterfall is a homestay because of the location in Sidomulyo village, Lumajang. But you don't have to worry about it; the homestay is clean

Our tours are private and are available for groups of between two and three people. The tour is based on car capacity, with a maximum of four participants (ASIAN).

For groups of 5-9 people, a private minibus will be allocated, with a capacity of 9 passengers.
